

The UOW Beamer Theme

Thomas M. Griffiths

Released July 23, 2015, Version 1.0

1 About

This theme ports the UOW powerpoint templates over to Beamer, a LaTeX class for presentations. The template has been set up so that the layout for the entire presentation is selected and the slides are formatted as appropriate, individual slides cannot be themed at this stage. See section 3 for examples. Each layout can be coloured with the UOW Branding colours, which are available also for the user to use as colours for objects in their presentation.

2 Usage

The entire theme consists of five files, an demo and two logos (see below). To use the theme in your presentation simply place the files in the working directory of your latex document. In your document load the theme via:

```
\usetheme[key=value, key=value]{uow}
```

Note, that the *key=value* entries are optional. For an explanation of each *key* and *value* see section 3.

- `beamerthemeuow.sty`,
- `beamerfontthemeuow.sty`,
- `beamerouterthemeuow.sty`,
- `demo.tex`,
- `beamerinnerthemeuow.sty`,
- `UOW_mono.pdf` and
- `beamercolorthemeuow.sty`,
- `UOW_mono_inverted.pdf`.

This theme is currently *not* distributed via CTAN. It is only available via download from UOW, or you may download, clone or fork the repository on [Github](https://github.com/tmgriffiths/UOW_Beamer)¹. Distribution by CTAN may be implemented in the future.
